Office of the City Improvement Trust Board,
"Ranga Vilas", Seshadri Road,
Dated, Bangalore, the 12th January 1949

To

The Secretary to Government,
General Department,
Bangalore

Sir,

SUB - Purchase of 16" Diameter released steel pipes

I have the honour to state that the Executive Engineer, Water Supply Division, wrote in his letter No 842 dated the 16th September 1948 that 3764 feet of 16" Diameter released steel pipes were available with him and that they could be used for drainage works and wanted to know if they were required for use of the Board works These pipes were offered at Re 1/- per Ft F O R Bethamangala

2 The Engineer Officer of the Board who was consulted in the matter was of the opinion that these pipes could be purchased with advantage as they would be very useful and could be used in place of masonry culverts etc , that moreover the rate at which they were offered by the Executive Engineer was very favourable and that the entire quantity might be purchased

3 This was placed before the Board at its meeting held on 16-11-48, when the Chief Engineer for Irrigation stated that the proposals might be accepted The Board thereon resolved

"That the Engineer Officer's proposal be approved and necessary action be taken accordingly "

4 The Executive Engineer, Water Supply Division was accordingly requested to reserve the entire quantity of the released steel pipes available with him He says in reply in his subsequent letter No 2345 dated the 10th January 1949 that the entire available quantity referred to above has been earmarked for the Mysore Improvement Trust Board and that however another 4,000 feet of these ~~pipes~~ would be released shortly and that he would arrange

to [illegible] ly the Board from the above [illegible] nalty

[illegible] I [illegible] st that in these circumstances, a [illegible] roval or Government may [illegible] ably be obtained to the [illegible] roposal of the Engineer Officer for the purchase of the above steel [illegible] es, the cost on this account being debited to the estimates of the several sanctioned schemes for which these [illegible] s will be used.

Yours faithfully,

Capt Narasimha Rao

To Mn. 14-48-92 **Date** 21st April 1949

The Secretary to Government,
General Department, Bangalore

Sir,

Sub - Released steel pipes

With reference to your letter No I 8592 dated 28-1-49 on the above subject, I have the honour to state that the Executive Engineer, Water Supply Division, who was enquired over the phone says that, very soon about 5000 feet of steel pipes will be released, that the cost will be Re 2/- a foot, that pipes were supplied to the Mysore City Improvement Trust Board only at this rate, that the rate of Re 1/- per foot originally quoted by him is due to a mistake in calculation and that this office could obtain supplied from the quantity to be now released

As already requested in this office letter No G 578/48 dated 16-1-49 early sanction of Government may kindly be obtained to the purchase of the above steel pipes

Yours faithfully,

C N Narayana Rao
Chairman
